Resurfacing Project on Harlem Avenue from 26th Street to I-55

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Harlem Avenue from 26th Street to Interstate 55, in Berwyn, Lyons, Riverside, Stickney and Forest View, beginning, weather permitting, Monday, April 24. The closures are necessary for a resurfacing project along Harlem Avenue.

In order to complete the work, Harlem Avenue will be reduced to one lane in each direction with flaggers during construction activities. The closures will take place during the day and reopen by the evening.

The scope of the project consists of resurfacing and pavement patching, as well as removal and replacement of curb and gutter. New pedestrian ramps will be installed, improving safety along Harlem Avenue.

The project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
